Prof. Dilanthi Amaratunga was the invited Keynote Speaker at the University of Huddersfield's multi-disciplinary postgraduate research conference held on the 18th in November 2016. Dilanthi's key note was built around "**Responding to global challenges: Pooling and sharing of knowledge across institutions, across disciplines and across continents**".

The conference was an excellent opportunity for inter-disciplinary engagement and discussion.

Large number of postgraduate researchers submitted abstracts on their research topic for either oral or poster presentation. This was an excellent opportunity to improve on their presentation skills, and discover new avenues for collaboration.

The conference was organised by PGRs and more importantly for PGRs.
