

Partnering with UNISDR Science and Technology Conference

Tue, 19 Jan 2016 10:23:00 GMT

GDRC is an organising partner of the UNISDR Science and Technology Conference on the implementation of the Sendai Framework for Disaster Risk Reduction 2015-2030 to be held from 27-29 January 2016, Geneva, Switzerland.

The conference aims to bring together the full diversity of the science and technology community, policy makers, practitioners and researchers from all geographical regions, at local, national, regional and international levels to discuss how the science and technology community will best support the implementation of the Sendai Framework for Disaster Risk Reduction 2015-2030.

The UNISDR Science and Technology Conference on the implementation of the Sendai Framework for Disaster Risk Reduction 2015-2030 will promote and support the availability and application of science and technology to decision-making in Disaster Risk Reduction.

GDRC will present interim outputs of its CADRE project (<http://www.hud.ac.uk/research/researchcentres/gdrc/researchprojects/cadre/>) and also will take part in poster display sessions, sessions on **Early Warning and Hazard Monitoring and Risk Assessment and Management**

More details on the UNISDR Science and Technology Conference can be found at: <http://www.unisdr.org/partners/academia-research/conference/2016> (<http://www.unisdr.org/partners/academia-research/conference/2016>)
